## TRANSITIONS BEREAVEMENT SUPPORT GROUP SUMMER-FALL 2024

Transitions is open to all who are grieving the loss of a loved one. Special emphasis regarding those who cared for individuals with memory impairment due to Alzheimer's Disease or a related disorder or other chronic long term illness that required extended caregiving. This group is free, open to the public and professionally facilitated. We have been meeting monthly for emotional support, to learn about the grieving process and to enhance skills for coping and reinvesting in life. To keep our group members connected during the coronavirus outbreak, we will be maintaining online meetings until public health authorities tell us it's safe to meet in person.
