

Caregiver Webinar:

# Empowered Conversations for End-of-Life Issues

Providing care for a loved one near the end of their life can be overwhelming. There are things we can do to help us plan for the inevitable and support ourselves during this phase of caregiving. This presentation will review advance care planning decisions with end-of-life issues. Participants will learn about strategies to initiate and maintain productive conversations with family members and health care providers. Tools and resources will be shared to support you as you provide care to someone at the end of life. Join us for this interactive session through your computer or phone.
