The COPSA Evening Caregiver Support Group is open to all who are caring for someone with memory impairment due to Alzheimer's Disease or a related disorder. We meet monthly to learn about the disease process, discuss issues that arise from caregiving, offer each other support and find out about available resources. All meetings are facilitated by a member of the COPSA Care2Caregivers Staff. We know how hard your job is. Come and talk with others who know what it is like to walk in your shoes.
